About Us

Handmade. Wholesome. Irresistible. Welcome to Munch-Kins.

Munch-Kins began its journey in 2023 as an online bakery store, specialising in unique and premium quality baked goodies that are free from artificial preservatives, and low in sugar and refined flour. Founded by Belinda Vincent, Munch-Kins is a tribute to her grandmother, who instilled in her a love for baking. Each recipe is inspired by her grandmother's teachings, with a modern twist.

At Munch-Kins, we take pride in using only the finest ingredients to create delicious treats that add the perfect touch of deliciousness to your celebrations and events.

Known for bite-sized delights that bring families closer together, get ready to tuck into a delectable range of sweet and savoury treats that are truly made with love and baked for joy. ♥
